

# 4KATE

There isn't much information on 4Kate besides the following:

Bred by Lansing, Michigan based Midnight Roots. Bred for the owner's sister Kate named in her honor. She passed away from cancer.

It has been tested out to 35% THC. We have not tested our pheno yet but I can tell you without a doubt it is some VERY potent medicine.

It is a cross of Fire 18 x Chem 4.

The rules are with this strain according to the wishes of Midnight Roots that free cuts be given to anyone who wants one and we will abide by that. Please note: Clones and cuts are two different things.
